

CIRCULAR RETURNS

SYSTEM-LEVEL

Reward the return.
Verify the next life.

Make returning devices as rewarding as buying new.

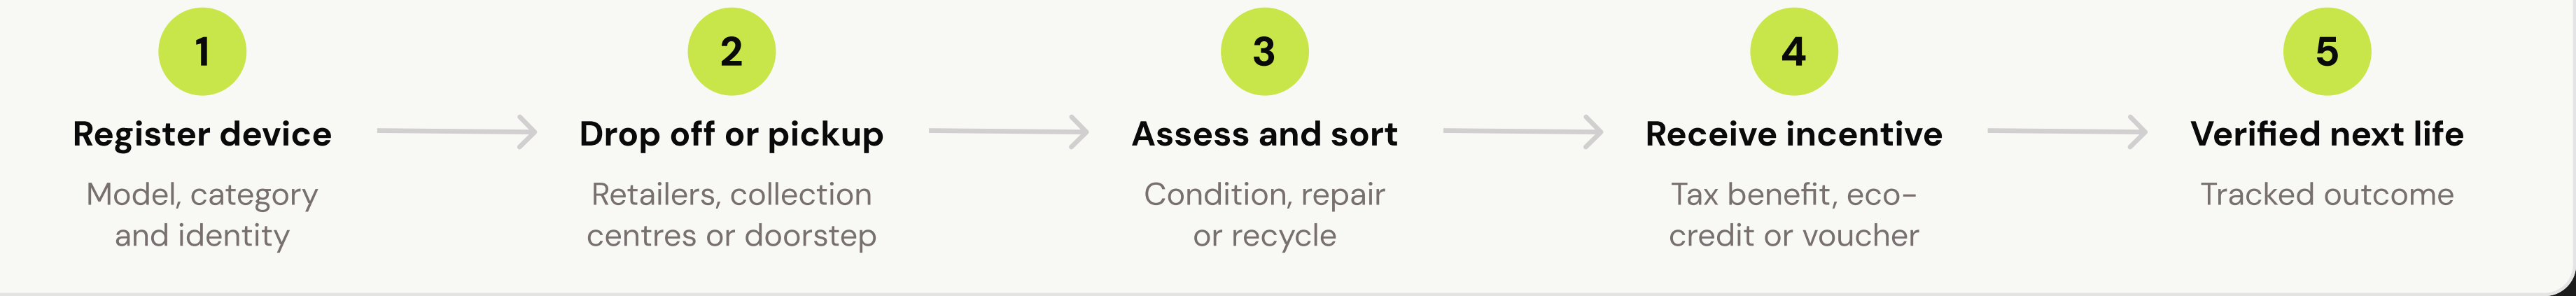

A **government-backed incentive system** that rewards citizens for returning unused electronics through tax benefits, eco-credits or vouchers, and directs them into circular pathways.

POLICY CONCEPT

A national or state-level programme that incentivises responsible device returns and ensures reuse, refurbishment and recycling through verified partners.

HOW IT WORKS

DEVICE PATHWAYS

Refurbish & redistribute
To public schools, NGOs and underserved users

Repair & reuse
Through registered refurbishers

Authorised recycling
Material recovery and safe disposal

INCENTIVES (EXAMPLE)

Tax benefit
For eligible returns

Eco-credit
For all citizens

Repair voucher
For repairable devices

Access to affordable tech
For eligible devices

BENEFITS

- ✓ Reduces e-waste and emissions
- ✓ Improves access to technology
- ✓ Builds formal repair ecosystem
- ✓ Recovers valuable materials

LIMITATIONS / RISKS

- ✗ Stolen devices for rewards
- ✗ Fraudulent claims
- ✗ High government cost
- ✗ Excludes non-tax payers
- ✗ Needs strong verification
- ✗ May displace informal sector
