

# E-FLIP

A kiosk-based pathway for a longer digital device life

## let's start

by giving our unused devices a next life instead of letting them go to waste.

## WHAT IS E-FLIP?

A **service kiosk** in retail stores such as Croma and Reliance where users can donate or sell old devices, receive government-linked benefits, and access refurbished phones.

The kiosk analyses your device and guides you to donation or selling.

An **e-flip associate** stands near kiosk for verification and assistance

**Participation limit**  
**5 devices** per person in **3 months**.  
**Prevents bulk selling and stealing of others device**

### Devices and accessories

You can give or sell:

- Phones
- Tablets
- Headphones
- Chargers
- Other accessories

### Government & store benefits

**For users:** Government provides tax benefit for users who donate devices.

**For participating stores:** Government provides a tax benefit for stores such as Croma and Reliance.

## Overall flow
