

E-FLIP Impact

change created at every level

Stakeholder

Businesses

(Retailers like Croma, Reliance, etc.)

Short Term Impact

Government tax benefit for participating
New circular service in-store
Earn from refurbished-device resale

Long Term Impact

Build a circular retail offering
Continue refurbished-device sales
Longer participation in the reuse system

Companies

(Refurbishers, repair partners, etc.)

More devices and accessories available for refurbishment
More repair/reuse opportunities

More devices remain in circulation
A stronger reuse/refurbishment pathway

Users

(People returning devices and accessories)

Convenient kiosk return
Choose donation or selling
Cash or refurbished option
Tax benefit for eligible donations

Devices get a second use instead of being forgotten
Access refurbished phones from other returned devices
Track the outcome of donated devices

Planet

(Environment)

Working devices and accessories enter reuse/refurbishment
Less immediate disposal

Longer device use
Less premature e-waste
More circular reuse of phones, tablets, headphones, charge accessories, cases and covers
